Universal Church

Synod on the Family, called by Pope Francis has completed its first of three sessions, Oct 15 to Oct 19, 2014 in Rome. A synod is a form of collegiality where the Pope asked for advice from scholars, bishops, laity and significant invitees to address a serious concern affecting the church and society, in this case the alarming rate of marital failures and the breakup families in today's culture. The family is the most important institution in life, essential to the stability of society and for Pope Francis for the survival of humanity. The synod runs the course of a year, then we await its decisions and conclusions.
